Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ **First Resource Bank declared a 5% stock dividend on First Resource Bank common stock, payable April 15, 2013 to shareholders of record at the close of business on April 1, 2013. As a result, for every five shares of First Resource Bank common stock held by a shareholder on April 1, 2013, the shareholder received one additional share of First Resource Bank common stock on April 15, 2013.**

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ **The stock dividend was non-taxable under Section 305 of the Internal Revenue Code of 1986, as amended (the "Code"). As a result of the stock dividend, each First Resource Bank shareholder was required to allocate their tax basis in the shares they owned prior to the stock dividend over the shares they own after the stock dividend. Any cash received in lieu of fractional shares will be treated as a distribution taxable as a dividend under section 301 of the Code.**

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ **A First Resource Bank shareholder will divide their tax basis in each share held before the stock dividend by 1.05 to determine their tax basis in each share held immediately after the stock dividend, and will multiply the total number of shares owned prior to the stock dividend by 1.05 to determine the number of shares of First Resource Bank common stock owned after the stock dividend.**

Example:

Before the stock split: 100 shares with a tax basis of \$10.00 per share: \$1,000 aggregate tax basis

After the stock split: 100 shares x 1.05 = 105 shares owned after the stock dividend

\$10.00 tax basis per share / 1.05 = \$9.52 (rounded) tax basis per share after the stock dividend

105 shares x \$9.52 per share tax basis = \$1,000 (rounded) aggregate tax basis
